

# Catalog Background

The catalog background is the image or solid color that appears behind the center of the catalog. Catalog backgrounds add to the look and feel of the catalog.

How do I add a background behind the catalog?

What options do I have when I upload an image file?

## Catalog Background

### How to add a Catalog Background

Select Background from the Catalog section. Upload an image file and select if it will appear normal, full or tiled or click “Select Color” to pick a solid color.

**Add Background**

Upload a background or select a solid color.

**Upload a background image.**  
Upload a background image. Select whether image will appear normal, full, or tiled.

+ Select file Upload

**Background image preview:**

**Select background image options.**

- Normal (one image, no tiling or stretching)
- Full Background (stretch across the entire background)
- Tile Background (repeat the background)

**Or select a solid background color.**  
Click the "Select" button to choose a solid background color. Adjust the color in the vertical bar and adjust the saturation in the square box.

### What options do I have for uploaded image files?

Upload a JPEG or PNG file and select if it should appear as “normal” (will be the dimension of the file), “full” (the image will be stretched to fit the screen) or “tiled” (the image will repeat.)

*Detailed images as a background may conflict with the graphics on the catalog. Think about adding a normal or full image that is less detailed or select a solid color.*
